

SPECIAL REPORT

896 SOULS SAVED IN ONE WEEK ON THE CAMPUS OF WEST NEGROS UNIVERSITY

Monday, July 26 through Friday, July 30, 2010, the Indo-Philippine Team and the students and staff of Gospel Baptist College joined forces for the kick-off of what we pray will be a lasting opportunity on the campus of West Negros University in Bacolod City, Philippines. We were granted access to the campus for the entire week for the express purpose of evangelizing. The week ended with a chapel service which had most of the first-year students in attendance. Pastor Charlie Vest brought the message and soul winners dealt with the many who raised their hands. When the last number, for the week, was counted, we had 896 souls saved! Please pray as we implement our new ministry to schools called "B-ALIVE" (Bible Answer Lessons in Values Education). We are developing materials, curriculum, and programs to be used in schools. We believe these students are key to churches being planted both here and abroad.
